

Belted Galloways (Black)

Breed Registry

Galloways are one of the first beef breeds recorded in Canada. The Galloway has been successfully raised under harsh conditions for centuries. The Canadian Galloway Association is the governing body responsible for the registration and promotion of three breeds: Galloway; Belted Galloway; and White Galloway in Canada. Each breed is registered in separate sections of the Canadian Galloway Herd Book. Each can occur in black, dun, or red.

White Galloway (Black points)
